2009-2010 SECTION SCHOLARSHIPS

The Philadelphia Section of ASCE offers the following undergraduate scholarships annually:

- ASCE-Sponsored Delaware Valley Engineers Week Scholarship
- ASCE Student Scholarship
- ASCE Section Member Scholarship

Details on each of these scholarships are provided below. Copies of the scholarship applications can be downloaded from the Philadelphia Section website at www.asce-philly.org. Scholarship winners will be recognized at the Section's April 2010 dinner meeting.

ENGINEERS WEEK SCHOLARSHIP

As part of the Delaware Valley Engineers Week celebration, the Philadelphia Section of ASCE is offering one (1) \$2,000 undergraduate scholarship. Completed applications must be submitted by **November 23, 2009**. For questions, or to obtain an application, please contact Ms. Carol Martsolf at (215) 922-8081 x1218, or ccmartsolf@urbanengineers.com.

STUDENT SCHOLARSHIP

At least one (1) \$1,000 scholarship will be awarded by ASCE to an undergraduate civil engineering student who meets the following requirements.

Eligibility Requirements:

- The applicant must be matriculating in a fulltime Civil Engineering or Architectural Engineering program at one of the five colleges which have Student Chapters in the Philadelphia Section: Drexel University, Swarthmore College, Temple University, Villanova University, or Widener University.
- The applicant must be an active participant in the ASCE Student Chapter.
- The applicant must be in their sophomore or junior year (and Pre-Juniors at Drexel).

Application Requirements:

- The applicant's name, GPA and/or class rank, and an address/telephone number where they can be reached must be included with the scholarship application. Additional information for consideration (such as need) is allowed. A letter and/or resume is an acceptable means to provide this information.
- A recommendation letter from the applicant's faculty advisor is not required but is strongly suggested.
- The applicant will be required to submit an essay, limited to 1,000 words, on ONE of the following topics:
 - 1) How can civil engineers capitalize on our new-found "fame" resulting from recent stimulus spending on infrastructure? What opportunities do you see to use this new focus on infrastructure to enhance the stature of civil engineers as well as educate the public on who civil engineers are and what we do?
 - (2) If you could make a suggestion(s) for introducing civil engineering to children, what would it be?
